

Plot for sale in Calonge

Very sunny plot in Rio de Oro-Calonge

Southwest facing plot with sun all day. Taking advantage of the unevenness of the land, it is possible to build two floors at different levels and with large terraces. The Río de Oro urbanization has all the services, it was remodeled during the years 2004-2006 and is currently received by the city council. It is a quiet area well connected and close to the center of town. VAT included in the price.
